

# You Came

Rebecca Beese

Key of D

## Verse 1:

**D** **G** **A**  
Tiny child lying there alone  
**D** **G** **A**  
Your life ahead so full of dreams and hopes  
**Bm** **G** **A** **D**  
But you came not from ordinary paths

Sleeping child, what is your purpose here?  
Your fragile hands are somehow holding promises  
We cannot know just what your life will mean  
What will your life mean to me?

## Chorus:

**D**  
You came; to end our suffering  
**Em**  
And let the broken sing  
**D/F#** **G**  
To heal and bring our souls alive  
**D**  
To light the darkened paths and  
**Em**  
Break free the captive hearts  
**D/F#** **G**  
To pour out freedom truth and life  
  
**D Em D/F# G**  
oh,

## Verse 3:

Little child, do you know what lies ahead  
The rocky roads that will change all of our fates?  
And if you do, where does your strength come from?  
Where does your strength come from?

## Bridge:

**G** **D**  
So now youre here let the whole earth sing  
**Bm** **D** **G**  
'Cause man no more may die  
**D**  
The disconnect has been brought into line  
**Bm** **A** **G**  
And man no more may die
